SDE @ Kongsberg Digital | IIT Madras '22 | AI & Deep Learning |
Full-Stack & Cloud | MLOps & Scalable Systems |
Solapur, Maharashtra, India

Summary

AI/ML & Full-Stack Developer | Problem Solver | IIT Madras Alum

With 2 years of experience in AI/ML and full-stack development ,
I thrive at the intersection of cutting-edge technology and scalable
software solutions. From optimizing machine learning models # to
building robust applications #, I love solving complex problems with a
hands-on approach.

AI/ML: Model development , optimization , MLOps ##, data-driven
decision-making

Full-Stack: Scalable backend , interactive frontends #, cloud
deployment ☁️#

Tech Stack: Python , PyTorch , NumPy , SciPy , Flask , Angular
#, .NET #, Rancher , Kubernetes

I'm passionate about leveraging AI to drive business impact while
maintaining end-to-end system efficiency. Always open to learning ,
collaboration , and innovative projects!

Let's connect and build something amazing!
